GRACE IMPLEMENTS CUTTING-EDGE TECHNOLOGY

Whether you're in Morocco or Michigan, completing your Grace degree just got easier.

This semester Grace will be implementing a cutting-edge video conferencing technology. We will be delivering a full slate of courses to multiple satellite locations!

Previously, such locations only hosted one or two courses per week, but now you have a much wider selection. The quality of your experience will be second-to-none with the opportunity to participate

in live classroom discussions just like any of the students in the same physical classroom as the professor.

Can't make it to one of the satellite locations? No problem. You can enjoy Grace live via video-streaming anywhere with an internet connection, or you can watch a class later at a more convenient time for you.

This is just one more step in Grace's commitment to provide you with the best theological education available today.

THE BIG NEWS

POPULI: With Populi (Grace's new higher education management software) all students will receive an email from populibot@populiweb.com with their new username and a link to set up their password. Register for classes, take online courses, connect with faculty, staff, and other students, and more all within Populi. Visit <http://vimeo.com/album/195979/video/12479200> for a quick demo!

TECHNOLOGY FEE: To offset the cost of Populi and Face to Face, credit students will pay a \$50 Technology Fee each semester. Tuition remains the same affordable price.

DEGREE PLAN ADDITION: We have added an additional required course to each of our degree programs: NT 3420 Fundamentals of Greek Exegesis. Students enrolled before Fall 2010 can choose to graduate under the previous catalog.

LOGOS SOFTWARE: Logos Bible Software must be purchased by students enrolled in NT 3420 Fundamentals of Exegesis and/or BI 1310 Bible Study Methods. Logos will be available through Grace at a greatly reduced price.

MENTORING: To better manage our mentoring program, we have set up no-credit "courses" (MP01 through MP08) which must be taken by credit students as follows: (1) All certificate and degree plan students - MP01 & MP02; (2) MABS students - add MP03 & MP04; (3) MDIV students - add MP05 & MP06; and (4) THM students - add MP07 & MP08.
